

How To Worship: True worship is towards Father God only. With passion, take a submitting posture to serve God, now recite from your heart to your mouth (in spirit) saying God's written word back (in truth) into God's Ears.

Note: Jesus, we love, praise and honor but he is not to receive his Father's worship or glory from man Ref: Col 3:17. Charismatic leaders of cultic churches do not honor this scripture but draw power from their member's ignorance; to think they are to worship two gods without candidly saying it.

True worshippers seek by Father God, by knowing how and who to worship, we can perform worship to God who have given us the consent that he alone is to be worshipped. The consent to be worshipped was never offered from Jesus.

God knows that many are looking for him but gotten detained or entertained away from God by those having buildings of prey on Christians. Christians who should be Disciples with a purpose after one year of Gospel studies (Ref; Acts 11:26).

Any Leader that tells you that "God's worship is the way you live or lifestyle before God" has lied to you because they either didn't know how to worship God or they were trying to control and or manipulate you for religious purposes.

Acts of worship reviled from the Holy Bible: **Exodus 24,** **2 Chronicles 20:18 -19,** **John 4:24,** **Rev 7:11-12**
