

## Here's what the word 'land' means in 2 Chronicles 7:14

I've given my FB Friends, family and anyone who'd listen to the keys used to glorify God by crowds of 31102+ people. The word 'land' is divine proof that a humbleness is expected of God's people living in land marked areas, adjoining cities, states, regions, countries, etc. who'll come together riverside and glorify God by His consent writings in Romans 15:6. This notice is given to lands where God's people are living in habitat growths. The people's moment is here to inspire the others of their land to come into such indeed works, or be sickle down! The Preach1 Foundation Ministry Office; holds the count of such land(s) ready to glorify God on purpose via registrations. The land fulfilling requirements will receive an itinerary to glorify God on purpose from the office of the Preach1 Foundation.
